Business	Acquisition	Business	Application	

Description:

Acrobat DC 2015.x is a desktop application used to create, edit, view, scan, sign, send, and track Portable Document Formats (PDFs) or digital files. This product converts Word, Excel, and PowerPoint to PDF format, and it adds form fields, security settings, and other features to PDF. Acrobat DC collects e-signatures, track responses, archive signed documents, and it includes a fill and sign tool to complete forms. This product can also convert other Adobe applications such as Adobe Photoshop (PSD), Adobe Illustrator (AI), and Adobe InDesign (INDD) files into PDF.

Adobe Acrobat DC 2015.x is installed on a current Windows AGM build workstation. The user accesses the application from the shortcut in the Windows Start menu or from the desktop icon. The user manually enters data into the application. Data is saved on the local hard or shared drive, and data stays internal to the local enclave.

Facts:

- This Certificate of Networkhiness applies to the Standard and Professional editions.

Restrictions:

1. Cloud capabilities are not permitted and must be disabled.
2. Adobe Acrobat DC 2015.x is restricted for use within certified and accredited networks and/or data centers having a current ATO.

POC: netcom.hq.networkhiness@mail.mil /(520)538-1199

This Certificate of Networkhiness is based on a trusted standardized platform, configured per FDCC. All patches and updates will be provided by the host network administrator (NEC or DECC) in accordance with all technical directives, mandates, and IAVM. This Certificate of Networkhiness is no longer valid should the assessed configuration be significantly altered. Per Army Cyber Command guidance, all operating environment will implement HBSS capabilities. Upon expiration of this Certificate of Networkhiness, this application must be reassessed to ensure it is still compliant with the GNEC architecture and is still networky. Should this software version be upgraded prior to this expiration, the new version must be evaluated for networkhiness.
